**Dr. John Barge to Keynote at the
Third Annual
Griffin RESA / South Metro Summer Leadership Conference**

It is with great pleasure that Griffin RESA announces the scheduling of Dr. John Barge, Georgia's State School Superintendent, as one of the keynote speakers at the Griffin RESA Summer Leadership Conference. The event is scheduled for June 11-13, 2012, and it will be held at the Peachtree Wyndham Conference Center in Peachtree City, Georgia. Dr. Barge will open the conference as the first speaker at the General Session on June 11. His presentation will feature the latest information on various topics of interest to educational leaders.

The deadline for registering for this conference is April 23, 2012. Griffin RESA is offering an early bird registration at a discounted rate through November 30, 2011. The registration pace is ahead of last year's registration, so interested parties will want to make sure they reserve a spot as soon as possible. In just two years, this conference has become a very popular event for educational leaders across the state. At the 2011 conference, over 225 leaders were in attendance representing 32 school systems in Georgia. Don't miss this opportunity to hear the State's top educational leader. Register today by visiting the Griffin RESA website at www.griffinresa.net.
