Ramp up Teacher & Student Success in 2nd Grade Math: *Building Number Sense through Counting & Cardinality, Number and Operations in Base- Ten and Operations & Algebraic Thinking*

Actively add to your knowledge in counting & cardinality, operations & algebraic thinking, and number & operations in base-ten to plan instruction focused on building students' number sense for improved content mastery. Learn to use student engagement activities that will help students develop their mathematical practice. Instructor will incorporate strategies and resources teachers can immediately take back to their classrooms, ensuring a job-embedded PL experience to positively impact student achievement.
