Endorsement Program for Leaders of RTI/Multi-Tiered Support Systems *SST Coordinator Endorsement – Cohort VIII*

Griffin RESA is proud to offer Georgia's first SST Coordinator Endorsement. Due to extremely high demand, we are offering a new cohort to begin June 1, 2017. This online instructional program is targeted toward educators at the system and school level who are committed to leading multi-tiered support systems that result in improved student success for diverse learners.

Schools and systems continue to strive to develop processes for students to obtain individualized help in the regular classroom for learning or behavior difficulties. As a result, our profession needs highly competent and knowledgeable SST Coordinators. This program will equip candidates with the skills, knowledge, and dispositions to lead the process, particularly as the importance of multi-tiered support has grown in the age of Response to Intervention (RTI). Educators responsible for leading RTI, MTSS, and 504 at the school or district level are urged to apply for this program. Instruction will take place online, followed by a job-embedded field experience to complete the program.

Course #1: A Problem-Solving Framework for SST – June 1 through September 1, 2017

Course #2: Coordinating the Multi-Tiered Support System – Sept 1 through Dec 1, 2017
