## **GRIFFIN RESA LEADERSHIP SEMINAR**

### **The Forgotten Students:**

### **What Are We Doing to Enhance the Achievement of Students Who Pass the CRCT?**

Wednesday, February 29, 2012

11:00-1:30

Griffin RESA—Azalea Room

Student achievement is at the forefront of every educational leader's mind. Leaders are leaving no stones unturned in trying to discover which strategies work best for students—especially those who are not performing on grade level. But, what do we do for those students who pass the CRCT or even score significantly above grade level? These students are often times labeled “the forgotten students.” This lunch and learn will focus on what can be done for these students so that their CRCT potential is maximized.

Ms. Becky Ryckley, Coordinator, Fayette County Schools, will lead this seminar which will feature a number of interactive components. Ms. Ryckley will present statistical data that will identify the massive numbers of students in this population and will discuss the power of effective teaching on student growth. She will also demonstrate quick samples of the nine strategies for classroom instruction from Marzano. Participants will come away from this session with a number of strategies to use with “the forgotten students.” You can register online for this seminar by visiting the Griffin RESA website at [www.griffinresa.net](http://www.griffinresa.net). Deadline for registration is February 22, 2012.
