## 10 Signs of a 21<sup>st</sup> Century Math Classroom

How prepared are you for the challenges of 21st-century teaching?

To prepare children today to thrive in the global community of the 21st century, the National Education Association (NEA) has replaced the 3 R's (Reading, Writing, and Arithmetic) with the 4 Cs: Critical Thinking, Communication, Collaboration, and Creativity. In this workshop, teachers will explore why each of the 4 Cs is so crucial and learn ways to adapt their classrooms to help students stay engaged and prepared for 21st-century challenges.
