Continuing Our Partnership in FY27

The Griffin RESA Division of Curriculum & Instructional Services extends our sincere appreciation to the schools and districts we partnered with during the past school year. Thank you for your trust, collaboration, and commitment to supporting educators and students.

As we continue our partnership in FY27, our team of Regional Coaches and specialists is ready to work alongside districts through coaching, professional learning, and job-embedded support in literacy, mathematics, and other content areas. Together, we will elevate educators, strengthen instruction, and celebrate the impact of our collective efforts on student outcomes through responsive support aligned to district priorities and state initiatives, including HB 1193.

Ms. Janice Owens will lead Griffin RESA's regional literacy coaching efforts and collaborate with districts to coordinate services and develop support aligned to local needs.

With appreciation,
