

Counseling Job Alike

WHEN

October 2, 2025
8:30 am – 3:30 pm

Registration Deadline: September 29, 2025

CLASS DESCRIPTION

This session equips K-12 educators with practical strategies to strengthen collaboration in co-taught math classrooms. Participants will explore effective mathematics strategies, co-teaching models, effective communication techniques, and instructional approaches that enhance student learning. Through real-world examples and collaborative discussions, teachers will gain tools to build a seamless partnership, maximize their instructional impact, and create a more inclusive and engaging math learning environment.

TARGET AUDIENCE

K-12th Grade
Counselors

COST

\$40 in region
\$55 out of region
