

# Elevate Your Elementary Math Classroom: A Manipulative Masterclass

## WHEN

June 10, 2026  
8:30 am – 3:30 pm

**Registration Deadline:** June 3, 2026

## CLASS DESCRIPTION

Attention elementary math educators! Join this engaging professional learning workshop to discover how manipulatives can transform your teaching. Learn practical strategies to build deep conceptual understanding using tools like base ten blocks, color tiles, number lines, and more. Explore creative ways to teach math concepts—from fractions and place value to geometry and measurement—using hands-on materials such as clocks, tangrams, play money, and geoboards. Elevate your instruction and empower your students with meaningful, interactive learning. Don't miss this opportunity to bring math to life in your classroom!

## TARGET AUDIENCE

K-5<sup>th</sup> Grade  
Math Teachers

## COST

\$40 in region  
\$55 out of region

## REGISTRATION IS REQUIRED
