Engaging K-5 Students in STEM/STEAM

Do you want to integrate STEM/STEAM into your lessons, but aren't quite sure how? Incorporating STEM/STEAM challenges into your lessons will provide highly motivating and engaging learning experiences for your students. Learn how to introduce the engineering design process, experience a wide variety of challenges, discover how to easily facilitate STEM/STEAM, and take away STEM/STEAM design challenges you can implement tomorrow.

This class supports teachers' professional learning goals to meet TKES standards 1,2,3, & 8 as they further their professional development to support student learning.
