Engaging Students with Newly Adopted K-12 Practices of ELA

The cornerstone of a true 21st Century classroom is student engagement. In this course you will discover how to see teaching through this “engagement lens”, how to easily establish this type of environment in your classroom, as well as learn various engagement techniques to make it happen. Engagement will be embedded in our new proposed ELA standards and this course will show you how to combine the standards with best practices for promoting excellence in literacy. You will leave with tools and strategies to engage students with you, the content, and one another!

The instructor will share strategies and resources that support TKES Standards 2,3,7, and 8 with practical takeaways that will positively impact teacher practice and student achievement.

Date:	March 7th, 2024
