

GaDOE Science Presents: **3D SCIENCE ASSESSMENT IN THE CLASSROOM**

This second session, **3D Science Assessment in the Classroom**, will be in-person at Griffin RESA on January 10, 2024.

Register [HERE](#) for the January 10th session.

Target Audience: 5th - 12th (Assessment Grades)

Prior to attending this session, please view the recording : [What is the Big Deal with 3D Science?](#)

The GaDOE Science Team offers a three-part professional learning series, “Building Effective Science Assessments” focused on assessment for science educators. This series will support effective science instruction, from standards-based instruction to assessment, while connecting teachers with existing resources and platforms from GaDOE.
