

Griffin RESA Gifted Endorsement Winter 2022

This series of four courses prepares teachers to: identify the characteristics of the gifted learner; plan challenging instruction to meet their needs; explain the evaluation process under Georgia rules; and contrast program options for serving gifted students. Our instructional format allows participants the flexibility of an online platform, complete with an interactive discussion forum that promotes interaction and reflection through the University System of Georgia's Desire 2 Learn platform. The endorsement program offers a flexible, convenient format with rigorous work to prepare educators to meet the needs of gifted learners.
