# How to Develop Meaningful IEP Goals: Moving Beyond Compliance

The student's Present Levels of Academic Achievement and Functional Performance (PLAAFP) as outlined in the IEP, serves as a blueprint for goal development. Good IEPs set the standard for good education and the goals reflect the student's unique needs. Designing well-formed goals is a critical task in writing an IEP. This class will provide participants with the vision, skills, and resources to write meaningful IEP goals and objectives.
