

Greetings Educational Leaders,

Hope you are having a great week!

We wanted to let you know of several current Principal, Assistant Principal, and Central Office Job Openings in our RESA Region. Many are listed as “until filled” so please get your applications in soon if you have an interest.

As of 2/15, please find the principal job announcements, assistant principal job announcements, and central office job announcements for our RESA Region below along with the application deadline. Please always carefully check the notice on the school system website as sometimes the application deadline is midnight and sometimes it is 5:00 pm or another specific time. In addition, we recommend you check the starting date for the position since most of the principal openings this time of year begin in the summer, but some are immediate openings.

## **Butts County Schools** *(more info at [www.bcask12.org](http://www.bcask12.org))*
