

SUPPORTING K-5 MATH EDUCATION

Professional Learning Classes

HB 1030 & K-5 Mathematics Instruction

Our K-5 Mathematics Professional Learning courses support HB 1030 with developmentally appropriate, evidence-based instruction that improves student learning and grade-level achievement. Teachers gain practical, research-informed strategies to strengthen problem-solving, procedural fluency, conceptual understanding, and productive mathematical dispositions —ready to implement in the classroom.

Kindergarten Math in Action: From Standards to Classroom Practice

10/29/26
3/2/27

1st Grade Math in Action: From Standards to Classroom Practice
