

Implementing Georgia's K-5 Math Standards with Fidelity

WHEN

September 11, 2025
8:30 am – 3:30 pm

Registration Deadline: September 9, 2025

CLASS DESCRIPTION

This professional learning experience is designed to support educators in effectively implementing Georgia's K-5 Mathematics Standards with fidelity. Using the Mathematics Instructional Framework, participants will explore the four phases of instructional design that guide effective planning and delivery of math instruction.

Through this session, educators will:

- Deepen their understanding of the Mathematics Instructional Framework and its role in effective instruction.
- Examine the Steps of Effective Mathematics Instruction in Georgia to enhance student learning.
- Explore available instructional resources and learn how to access and integrate them.
- Discuss best practices for implementing the instructional units in alignment with Georgia's standards.

Join us to gain practical strategies, access valuable resources, and ensure high-quality mathematics instruction in your classroom!

TARGET AUDIENCE

K-5th Grade Math
Teachers
