

MTSS Coaching Workshop 2

WHEN

January 20, 2026
8:30 am – 3:30 pm

Registration Deadline: January 13, 2026

CLASS DESCRIPTION

Participants from Workshop 1 are encouraged to return for this follow-up session to assess progress, reflect on implementation, and continue refining their MTSS practices. New school teams are welcome to join the workshop and will be supported as they begin or strengthen their MTSS journey. This interactive coaching workshop is designed for school leaders and MTSS teams seeking to enhance systems and processes that support the whole child. Each team should include one administrator, at least two additional team members, and bring laptops with access to current academic and behavior data. During the session, teams will assess available resources, analyze data trends, identify priority areas for improvement, and strengthen Tier 1, Tier 2, and Tier 3 supports to ensure alignment with district policies and school improvement plans. Participants will explore the updated GaMTSS tools, evaluate their current data management systems, and use school improvement goals to guide their work. By the end of the session, each team will walk away with a clear, actionable plan to enhance their MTSS framework and ensure effective academic, behavioral, and social-emotional support for all students.
