MTSS JOB-ALIKE: REFINING TIERED SYSTEMS

CLASS DESCRIPTION

The Every Student Succeeds Act (ESSA) requires the use of evidence-based interventions and suggests that schools and districts implement a tiered system of support. This professional learning opportunity is designed to facilitate collaborative learning and networking opportunities for District Coordinators and District Support Specialists committed to implementing the Multi-Tiered System of Supports (MTSS) framework. This session offers a structured platform for sharing insights, best practices, and challenges related to MTSS implementation across different educational settings. Active participation and reflection throughout the session are encouraged to strengthen MTSS implementation within the school community and districts.
