MULTI-TIERED SUPPORTS FOR NEW EDUCATORS

CLASS DESCRIPTION

You are expected to meet the needs of every learner — but you are not expected to do it alone. Multi-Tiered System of Supports (MTSS) is the framework that ensures you have the structures, data, and collaborative support to make that possible. Designed for educators who are new to the profession, new to MTSS, or seeking a clear understanding of their role within a multi-tiered system of supports, this session provides a practical overview of how MTSS connects directly to daily classroom practice. Participants will learn how strong Tier 1 instruction, positive learning environments, and the use of data work together to support academic, behavioral, and social-emotional success. The session will focus on what MTSS looks like in the classroom, how to contribute to Tier 1, Tier 2, and Tier 3 supports, and how collaboration ensures teachers are supported in meeting student needs. Educators will leave with practical strategies, a better understanding of the problem-solving process, and greater confidence in using MTSS as part of their everyday instructional decisions.

CLASS DETAILS

September 30, 2026

Registration Deadline: 9/23/26

8:30 AM - 3:30 PM

**\$40 in region
