# Para-Educators as Effective Classroom Interventionists

What is one of the most effective resources teachers have? PARAPROFESSIONALS! When used appropriately, paraprofessionals help teachers increase student engagement, maintain an academically challenging and positive learning environment, and improve student achievement. Attend this session to learn best practices for paraprofessionals in the roles of Instructional support, academic interventionists, and behavior interventionists whether in the traditional or virtual classroom. Participants will examine specific intervention and instructional strategies that paraprofessionals may employ to provide practical support for the teacher in the learning environment.
