

# Crack the Code: Rethinking Phonics for K-3 Readers

## WHEN

February 26, 2026  
8:30 am – 3:30 pm

**Registration Deadline:** February 19, 2026

## CLASS DESCRIPTION

Effective phonics instruction is essential—but are we doing what works? This professional learning session helps educators move beyond routines and toward instruction that truly sticks. Participants will explore the seven key ingredients for successful phonics programs, examine common pitfalls that lead to failure, and learn how to strengthen their current practices. This session blends research with real-world application, offering actionable strategies for ensuring students not only learn phonics patterns but can apply them in reading and writing. Participants will analyze lesson structures, review student work, and walk away with tools to improve mastery, engagement, and transfer.

## TARGET AUDIENCE

K-3<sup>rd</sup> Grade Teachers,  
Paraprofessionals,  
Special Education, &  
Paraprofessionals

## COST

\$40 in region  
\$55 out of region
