Preparing for the Math Milestones in Grades 3-9

Take the stress and fear out of test preparation while directing your focus on sound teaching and learning practices that translate into lasting content knowledge and test success for your students. In this session, teachers and coaches will navigate through the challenge of preparing their students for the Georgia Milestones Assessments in mathematics.

Join us as we explore formative assessment practices to steer students toward success in the math content, and positive performance on the Milestones Assessment. Participants will practice instructional strategies and tools for everyday use in the standards-based math classroom, supporting teachers professional learning goals for TKES instructional planning, assessment, and creating a positive and challenging learning environment for their students.
