Spalding, Upson
School Systems

Processing Deficits and Instructional Implications

This course will provide the participants with a deeper understanding of how processing deficits interfere with the way students understand the information presented to them. These deficits can manifest themselves in any one of several categories and ways. This session will guide educators to identify, design, plan, and implement instructional strategies (SDI) to help students get the most out of class time and learning outcomes.

This professional development opportunity is provided by a grant for our regional school systems. Therefore, it is open only to educators in the Griffin RESA region: (Butts, Fayette, Henry, Lamar, Pike, Newton, Griffin-Spalding, and Thomaston-Upson School Systems).

Date:	November 30 th , 2022
Time:	8:30am – 3:30pm
Location:	Griffin RESA
