## Griffin RESA Newsletter

### Note from the Executive Director

As the New Year begins, we want to provide exemplary service to our regional educators in supporting their professional growth and development. We are doing this in several ways:

- We offer over 400 professional development classes each school year serving over 10,000 participants annually.
- We also offer nine (9) different endorsements which is an added credential to a valid Georgia educator certificate that enhances the skills and dispositions of program completers in their respective area of study. This prepares the educator for higher levels of success in their current school or system role, as well as preparing them for future roles that may require an enhanced skill.
- As an approved Education Preparation Program (EPP) by the GaPSC, we offer Georgia's APEL (*Alternative Program for Educational Leadership*) which is a one-year job embedded pathway for candidates seeking Tier I or Tier II Leadership certification. This program is designed for educators with a Master's degree or higher who are looking for leadership certification-only (*non-degree*). APEL is designed to instruct, guide, and support employed leaders, helping them build the confidence, skills and presence needed to lead.

Take a peek into the newsletter for information about each of these professional development opportunities and MUCH MORE!
