School Systems

SDI Math for the New Special Education Teacher

Students with processing difficulties often struggle to understand and process the intricacies of mathematics. This class will present methodologies that have been used in small group and individual instruction settings to increase the student's ability to make connections to computational concepts and procedures as well as math problem-solving. Participants will learn cognitive processes and metacognitive strategies to support math proficiency. Immediately utilize clearly illustrated examples, models, and math strategies in your classroom.

ZOOM Sessions on 2/6 & 2/27 from 4:00PM - 5:00PM

This professional development opportunity is provided by a grant for our regional school systems. Therefore, it is open only to educators in the Griffin RESA region: (Butts, Fayette, Henry, Lamar, Pike, Newton, Griffin-Spalding, and Thomaston-Upson School Systems).
