# SDI Reading Series: Strategies for Phonological Awareness, Phonics, and Sight Recognition

In this class participants will explore the first three pillars of reading and how to align specially designed instruction to the pillars. Through evidence from the science of reading participants will learn how to assess the word recognition portion of Scarborough's Reading Rope. Once the student's deficit skills are identified, alignment of instructional planning will target student specific concerns. The class will provide specific strategies to address the student concerns. Please note that this class does not teach a specific program; it teaches strategies that you can use the very next day.

**This professional development opportunity is provided by a grant for our regional school systems. Therefore, it is open only to educators in the Griffin RESA region: (Butts, Fayette, Henry, Lamar, Pike, Newton, Griffin-Spalding, and Thomaston-Upson School Systems).**

<b>Date:</b>	January 31 <sup>st</sup> , 2023
