## SDI Reading for the New Special Education Teacher

Be the teacher that changes a child's life by giving the gift of reading. This class is designed to help special educators develop competence in teaching reading so that students with disabilities can better access the general education curriculum. The class will give you interventions and strategies for students with disabilities who struggle in reading. It will specifically focus on evidence-based practices to develop core foundational reading skills.

**This professional development opportunity is provided by a grant for our regional school systems. Therefore, it is open only to educators in the Griffin RESA region: (Butts, Fayette, Henry, Lamar, Pike, Newton, Griffin-Spalding, and Thomaston-Upson School Systems).**
