

Griffin RESA MTSS Facilitator Endorsement April 2023

Griffin RESA is proud to offer the PSC-approved SST Coordinator Endorsement. This online instructional program is targeted toward educators at the system and school level who are committed to leading multi-tiered support systems that result in improved student success for diverse learners.

Once referred to as Response to Intervention (RTI), the preventative framework of MTSS has continued with goals to reduce student failure and maximize student achievement by addressing academics, behavior, and connectedness/wellbeing of students and their families. As a result, our profession needs highly competent, knowledgeable leadership, and coordinator at the school and system levels. This program will equip candidates with the skills, expertise, and dispositions to lead the MTSS process. Schools and systems continue to strive to develop processes for students to obtain additional support in the regular classroom for learning and behavior difficulties. Therefore, educators responsible for leading MTSS, RTI, and Section 504 processes at the school and system level are urged to apply for this program. Instruction will take place completely online, followed by a job-embedded field experience to complete the program.

Course #1: A Problem-Solving Framework for SST – April 18, 2023 – June 27, 2023

(ZOOM Session on April 18, 2023, from 5:00 PM – 7:00 PM)
