STEM/STEAM for Today and Tomorrow

for grades 6-8

Do you want to integrate STEM/STEAM into your lessons, but aren't quite sure how? Incorporating STEM/STEAM challenges into your lessons will provide highly motivating and engaging learning experiences for your students. Learn how to introduce the engineering design process, experience a wide variety of challenges, discover how to easily facilitate STEM/STEAM, and take away STEM/STEAM design challenges you can implement tomorrow.

This class supports teachers' professional learning goals to meet standards 1, 3, and 8 of TKES as they plan and implement instructional strategies to create an academically challenging learning environment.

Date:	Feb. 9 – Feb. 16, 2022
