The F.I.P. Side of Georgia Milestones Writing *for Grades 3-5*

Do you fret over the fine line between daily, authentic writing instruction and the current EOG Milestones writing tasks? The solution is to flip the traditional writing instruction into the cycle of formative instructional practices (F.I.P.).

Simulating a key formative practice, participants will engage in grade-level collaboration to deconstruct the two-, four-, and seven-point writing rubrics, and determine appropriate learning targets to improve student achievement for each of the three writing types. Teachers will return to the classroom with formative strategies that are generalizable across different language arts lessons.

Workshop participants will apply F.I.P. strategies to create quality assignments, preparing students to address the following Milestones demands:

- comprehension of on-grade level texts
- connecting information across paired texts
- writing to show evidence of comprehension
