The F.I.P. Side of Georgia Milestones Writing (Grades 6-8)

Do you plan frequent writing assignments but wonder about instruction supporting “on-demand” writing? The solution is to integrate the cycle of formative instructional practices (F.I.P.) into your daily instruction. Simulating a key formative practice, participants will engage in grade-level collaboration to deconstruct the four and seven-point writing rubrics to determine appropriate learning targets that will improve student achievement for each of the three writing genres. Workshop participants will learn how to use writing exemplars to differentiate instruction and empower students to take ownership of their writing growth.
