Tier 1 Instructional and Behavioral Supports

Please note that this is a survey course, intended to provide a general overview of Tier 1 supports for both instruction and behavior to enhance your understanding of these important principles. You'll be asked to reflect and respond to some discussion prompts on the topic, as well as complete three short assignments to relate Tier 1 practice to your past, present, or future classroom work. It's my hope that you'll follow up to learn more about this important concept as you strive to meet the needs of all students, through face to face classes at Griffin RESA and in your own school system.

Learning targets for this class are:

- Is core instruction working in my classroom?
- What Tier 1 instructional strategies can I routinely use to meet the needs of my classroom?
- How do I manage the learning environment when all students are not doing the same thing at the same time?
- How do I incorporate positive behavior supports other than rewards?
