EFFECTIVE STRATEGIES
INSTRUCTION & BEHAVIOR

Join us for the inaugural Tier 1 Teaching Summit, a high-impact learning experience focused on **strengthening core instruction** *for every learner*.

- Grounded in the **MTSS framework**, this summit empowers educators to deliver effective, evidence-based Tier 1 practices that improve outcomes and reduce the need for interventions.
- Featuring an **Instructional Coaching Strand**, participants will explore how coaching drives sustainable Tier 1 success and supports Growth That Sticks across classrooms.
- Learn **practical strategies** for lesson design, differentiation, classroom management, and data-driven instruction. Whether you're a teacher, leader, interventionist, or coach, this summit equips you to help every student learn at or above grade level.
